Judge the Rider

The Dressage Rider Test builds on the principles of the Dressage Competition. It's purpose is to assess the performance of the rider while riding a dressage test.

The Judges are only assessing the ability of and training of the rider. They are not assessing the ability and training of the horse and so the performance of the horse has no direct impact on the score.

The test is run in accordance with the EFA rules and is open to all horses and riders. Only one horse is permitted per rider.

The rider's seat, application of the aids, feeling and harmonious and sensitive influence of the horse are being judged. The assessment is expressed as a mark between 0 and 10.

Prize Schedule
